Dear Member and Family,

We are pleased to announce that effective **November 1, 2016**, members will no longer be required to obtain a vision voucher from the fund office in order to receive optical services. Members can simply contact a GVS, VISION SCREENING or CPS participating provider to schedule an appointment. The participating store will establish your eligibility upon your visit.

Members who wish to use the GVS benefit, simply go to the GVS website at www.generalvision.com and enter your benefit number (7380) to check eligibility, view your plan and easily schedule an appointment. For your convenience, use the zip code locator on the GVS website to find a provider or call the GVS Concierge Hotline at 646-453-2952 to make a convenient appointment or to have any questions answered.

Members who wish to use the Vision Screening benefit can visit the Vision Screening website at www.vscreening.com to find a provider and request an appointment or call 1-800-652-0063.

Members who wish to use the CPS benefit can visit the CPS website at www.cpsoptical.com to find a provider or call 212-675-5745.

Enclosed is your GVS benefit brochure along with your GVS optical ID card. If you have any questions with the optical benefit, please call the fund office at 718-331-0030.

Fraternally yours,

UFCW Local 2D
